GOD'S PROVISION - OUR FAITH

November of last year things looked very scary at Bread of Life. We were down almost \$900,000 in food donations for the year and needs were greater than ever. God spoke to me of Elijah and the widow (1 Kings 17:13-16) and how the barrel never ran dry. He also reminded me of how the Lord fed the multitude with just two fish and seven loaves of bread (Matthew 14:19-22) and took up twelve baskets of leftovers. God told me my job was to serve the needy His job was to supply.

About three weeks later a Southern Baptist friend called and we received three loads of frozen food. A week later Sara Lee donated a load of meat product. Thank God he works through good people to meet our every need.

PRAISE REPORT

Through the Pike County Community Foundation, we received a \$1631 grant from David C. Corn to be used for transportation expenses. Your local county community foundation is a good way to see your estate is used wisely.

Begins 3/1/2010 and runs through 4/30/2010. Last year we received \$2348 of Alan Feinstein's money. With the help of schools, churches, businesses, organizations and individuals we can double that amount this year.
